## MARDI GRAS BALL AT DRILL SHED

Tarn McGrew Will be Prince of Carnival at Infirmary Benefit.

On Saturday the committee on location for the Mardi Gras benefit ball met and decided upon the drill shed as the place for the event. This is a happy selection, as by a few arrangements, which are now being made, the big structure can be turned into a fairyland palace. The main hall is large enough for the grand march and ice dancing, with plenty of rooms for spectators' boxes and the side rooms afford good accommodations for refreshment tables and dressing rooms.

The committee called upon the Governor Saturday afternoon and requested the use of the drill shed. Governor Dole agreed and when it was found that no objection was forthcoming from Col. McCarthy, the enigma was at an end, and the place was finally decided upon.

A committee of men will at once be appointed to superintend the renovating and decorating of the barn-like building. The floor will be planed and polished and private boxes will be put up. The main floor will afford a splendid arena for dancing. The only difficulty now left is that of finding a master of ceremonies. The ladies have not yet been able to discover one. The prince of the Mardi Gras has already been selected. Tarn McGrew, whose fitness for the position is indisputable, has been chosen for that place.

The ladies will meet again today to perfect further arrangements and to choose the master of ceremonies. The committee which is sponsor for the big undertaking consists of Mrs. W. M. Graham, Mrs. C. B. Cooper, Mrs. G. P. Wilder, Mrs. S. Edward Damon, Mrs. A. Isenberg, Mrs. E. D. Tenney and Mrs. C. A. Elston.

## Live Wire Causes Trouble.

A live wire on the ground near the intersection of Hotel and Union streets Saturday evening was the cause of much excitement and endangered the lives of passersby. Frank Lillis, who drives hack No. 14, had a passenger in his hack and was going along in the vicinity when his carriage became entangled in the wire, but fortunately the hackman and he were successful in escaping without injury. The Hawaiian Electric Company was notified and immediately removed the obstruction.

Smooth as oil, exquisitely flavored; absolutely pure; never a headache in it; equally valuable as a beverage or a medicine—such is the famous old Jesse Moore "AA" Whiskey.

## QUALITY REPAIRING.

There is as big a difference in Furniture as there is between selling cheap furniture and good furniture.

It is more to us to have any article left with us to be repaired or upholstered leave our shop and give entire satisfaction, both in the class of work done and the price, than it is to sell new furniture. New furniture of the grade we sell is bound to give satisfaction. We never allow a piece of furniture or upholstery to leave our shop until it has passed a critical examination. By doing this we are convinced that it is as it should be—the best skilled workmanship can accomplish, consequently our patrons are impressed with the class of work done.
